Finding an Afghan club for you

No longer can keep

(getting them back to breeder or into the right hands)

Willing to come evaluate and/or pick up from shelters. Also contact breeder if micro chip or tattoo is found.

Afghans in a shelter can be shy and afraid. They don't like barking and alot of noise. They may seem to be aggressive with people or other dogs. They generally don't like their feet touched.

More then likely will be matted or shaved.

Please let one of our volunteers come evaluate the dog before euthanizing.

Colors: black, blk & tan/white, cream, white red, brindle, any of these can have black masks, also blue, domino (like pup on front blue/cream)
